this book presents a critical analysis of sense making practices through an exploration of acoustic creative and artistic spaces it studies how local cultures of sight hearing smell taste and touch are impacted by global discourses and media such as television popular music digital media and literature the authors look at sense making practices and spatial discourses through an interconnected discussion on thought and experience that seeks to present a multidimensional cartography of the global the local and the glocal to closely analyze the phenomenon of globalization the volume is an investigation of the possibilities of alternate sustainable modes of being and existing in a world which requires a unified ethical biopolitical worldview that challenges the disparity of its fragments while speculating on their synesthetic conditionality a unique contribution the book will be of interest to scholars and researchers of english literature media studies cultural studies literary cultures post colonial studies globalization studies philosophy critical theory sociology and social anthropology

this book takes issue with the likening of contemporary globalization to nineteenth century trade interdependence in which the defining feature of contemporary globalization is the spread of global production networks which were notably absent in the past maswood demonstrates that the emergence of global production networks gpns was not a result of economic and trade liberalization but instead due to neo protectionist developments in the 1980s that acted as a catalyst to transform japan s nationally based production networks into the now ubiquitous gpns through this case study of japan the author lays out a case for reconsidering the origins of globalization and explores some of the consequences that are likely to flow from progressive evolutionary transition towards a global economy

philosophical reflections on the phenomenon of globalization

this comprehensive handbook explores the complex and volatile debate over globalisation and labour standards it offers key insights into the impact of globalisation on workers the obligations of corporations and international legal bodies in protecting workers rights and maximising the opportunities offered by international trade and investment

this collection of essays adopts a distinctive approach to environmental legal issues representing a variety of specializations ranging from public law to international law

critics of globalization claim that economic integration drains political authority from states devolving authority to newly empowered regions delegating it to supranational organizations and transferring it to multinational firms and nongovernmental organizations globalization is also attacked for forcing convergence of state institutions and policies and threatening the ability of societies to chart their own democratically determined courses in governance in a global economy miles kahler and david lake assemble the contributions of seventeen leading scholars who have systematically investigated how global economic integration produces changes of governance these authors conclude that globalization has created a new and intricate fabric of governance but one that fails to match the stark portrait of beleaguered states exploring changes in governance across several policy areas such as tourism trade finance and fiscal and monetary policy the authors demonstrate that globalization changes the policy preferences of some actors increases the bargaining power of others and opens new institutional options for yet others by reintroducing agency and choice into our understanding of globalization this book provides important new insights into the complex and contingent effects of globalization on political authority and governance the introduction and the conclusion are by the editors the contributors are james a caporaso benjamin j cohen barry eichengreen zachary elkins geoffrey garrett peter gourevitch virginia haufler michael j hiscox robert o keohane lisa l martin walter mattli kathleen r mcnamara joseph s nye jr jonathan rodden ronald rogowski beth a simmons and peter van houten

with its roots in history and eyes on the future this book traces the development of our economic society from the middle ages to the present offering a balanced perspective of why our economy is the way it is and where it may be headed it explores the catalytic role past economic trends and dynamics particularly capitalism have played in creating the present challenges we face and offers suggestions on how we may deal with them most effectively in the future chapter topics include the economic problem the premarket economy the emergence of market society the industrial revolution the great depression the rise of the public sector modern

capitalism emerges in europe the golden age of capitalism the rise and fall of socialism the globalization of economic life and why some nations remain poor for individuals interested in the economic history of the u s

a collection of primary documents and statistics on the concepts people and organizations related to economic globalization from the sixteenth century to the present including the text of the north american free trade agreement

a path breaking book the first to examine the evolution of community organizing in u s cities while embracing mobilization the contributors acknowledge the challenges inherent in globalization and the norms and values that shape contemporary american culture still they reaffirm that community organizing has an important role to play as part of a broader progressive movement

the era of globalization is creating profound changes in global relationships changes that are manifest at international regional national and sub national levels making traditional regional development policy obsolete and irrelevant traditional policy needs to be redefined and reconstructed so it can capture and articulate emerging regional trends and issues the first of four volumes based mainly on global forum on regional development policy organized by the united nations centre for regional development in nagoya japan this book presents a broad theoretical and trend analysis of globalization and its effects on the theory and practice of regional development the book lays out the major components that merit consideration if there is to be new regional planning in this millennium while contributors to the volume do not agree on the effects of globalization on economic growth there is a consensus in the volume that globalization presents a challenge to conventional development theories the challenge for regional planners is to examine the impact and implications of recent structural changes on regional development planning and come up with viable and pragmatic regional development strategies this volume begins to meet that challenge by laying out the major components that merit consideration the following volumes will present detailed case studies of current regional planning practices focusing largely on developing countries

globalization and change the transformation of global capitalism explores the origins development and transformation of globalization from a critical and historical perspective berch berberoglu brings together eight essays authored by prominent sociological scientists from across the nation that examine the dynamics of globalization through an analysis of class relations and class struggles that define the contemporary global political economy by undertaking a careful examination of the contradictions inherent in capitalist globalization this book provides a thorough understanding of the issues behind the global capitalist economy and the struggle against globalization while at the same time offering a viable solution to the growing exploitation of labor throughout the world this study on global capitalism informed by class analysis is essential to anyone interested in the political implications of globalization and the unfolding class struggles

this book examines the implications of some of the main features of the globalization process for developing countries it also makes several proposals for developing countries in considering national level policies to face the globalization challenge as well as for coordination among developing countries in facing negotiations or making proposals at the international level

saturn in spring hill tenn nissan in smyrna tenn toyota in georgetown ky honda in marysville ohio

international political economy focuses on conflicts and collaborations that occur between nations as each pursues power and wealth through international economic exchange the authors provide a historical overview of the development of the world economy from 1815 to the present helping students understand how and why major economic powers rise and fall this balanced blend of history theory and policy makes the book suitable as a main text for international political economy courses or as a supplemental text for an introductory international relations course

this book discusses the effects of globalization on languages in africa in contrast to previous studies the contributors examine whether or not globalization is affecting african languages in the same ways and at the same rate in different countries and how local experiences of language change vary from place to place rather than seeing english as the killer language par excellence the contributors probe ways in which languages are being used side by side to complement each other in some contexts while competing against european colonial languages in others the result is a diverse canvas of language vitality in the african context including matters of endangerment and loss through the lense of globalization in its various interpretations this book is a must read for students and researchers interested in language change and death and in the fate of european languages in the rest of the world
